RWP

Reside With Progress

Welcome to Your News!

This issue of Your News is packed full of interesting stories, updates, and safety tips.

We recently spoke to our tenants, Nathan and Charlotte, who are on the front cover, for Valentine's Day. Thank you, Nathan and Charlotte for sharing your story. You can read their story on page 3.

On pages 14 and 15 you can read all about how we are working hard to keep our promises to you. We commit to keep your home well maintained and that we are respectful at all times.

Keep the tips on washing machines (on page 7) and power cuts (on page 11) on your fridge or notice board as a reminder of what to do.

Les Warren
RWP Managing Director

Virtual hub update

Our virtual hub group met in February, and it was great to see so many people at the meeting.

Diane from your Customer Voice Team led a discussion about Your News. Tenants talked about what they like, what they don't like, what they think can be done better, and what they would like to see more of. We will be sharing what improvements we have made using your feedback in a future edition of Your News.

What happens at the virtual hub group?

The virtual hub group is your chance to meet other tenants and have a chat. You can have your say on anything.

The meetings last an hour, and we would love to see more people at our next event. Come along and say hi!

You can join our Microsoft Teams meeting on your computer, mobile phone or other devices such as iPad.

If you need help with setting yourself up on Microsoft Teams, please ask your support worker or contact the Customer Voice Team on 0333 320 4555 or send an email to community@progressgroup.org.uk

We will put a reminder on Facebook when the next meeting is. Make sure you follow our Facebook page for news and updates, look for Reside With Progress. We will also share a reminder on our website: www.residewithprogress.org.uk

Love is in the air!

Charlotte and Nathan are a couple and live in one of our supported living schemes in Fleetwood, Lancashire. They knew each other well before their relationship blossomed. "We got to know each other and were friends first," says Nathan.

Charlotte and Nathan met for the first time at a local pub five years ago. They were both out at the pub with friends which led to them talking for the first time.

Charlotte and Nathan both share a big passion for football. They support local team Fleetwood Town. "We're season ticket holders and go to home games every other Saturday together".

They also enjoy going out and spending time with friends, but look forward to spending time at home, "Nights in together are the best," they say.

Charlotte and Nathan are big animal lovers. Charlotte has a fish and Nathan has a cat called Jasper.

When they are not looking after their pets, they volunteer in their local communities. Charlotte helps out with the Fleetwood in Bloom project that helps to improve local environments, while Nathan volunteers with Street Angels who help the homeless and those in need.

Community Support Grants

Winchester sensory garden

One of our supported living schemes in Wigan was delighted to be awarded £200 from our Community Support Grant to help them create a sensory garden.

Growing vegetables and social events

The sensory garden in Wigan is a wonderful place that tenants, family, friends, and support staff have created and can now enjoy together. Tenants have been enjoying growing their own vegetables like peppers, cabbage, and tomatoes, as well as eating the food they have grown. The sensory garden is also open to other tenants to come and enjoy and socialise in. It is also open to volunteers to come and help in the garden.

from plants like lavender. The wind chimes and ribbons make sounds as they move around in the wind. There are different plants to touch which all feel different, from smooth to rough. The food that is grown can be tasted and used to create tasty meals which have different flavours and vegetables like the peppers have a crunch when you eat them.

Donations to the garden

Money was also raised for the garden from a tombola at the Let's Do Lunch event, and donations were made from family, friends, and local businesses. Support staff at the Wigan scheme have found many free items like tyres, pallets, and wheel trims which are still to be used in the garden, so watch this space! The sign for the Winchester sensory garden was made and donated by a member of the local community.

Sensory experiences

All over the garden there are different patterns, shapes, and movement, and lots of bright colours. The garden has lots of great things to smell, like the food that is grown such as herbs and relaxing smells

Showing support for autism

David (pictured above) lives in one of our supported living schemes in South Ribble and is part of our Tenants' Voice group.

He is also a member of the Lancashire Autism Peer & Self Advocacy Service, called LAPSS for short. LAPSS helps others to understand autism and improve services for autistic people. David helps the group during World Autism Awareness Week each year.

David has displayed some of the model Airfix kits he has made at events, including the Progress Housing Group Cultural Awareness day. Last year, the group had a table at Preston City Hall. At their table, David gave out information on how to join LAPSS and he met with organisations, like the Mayor's Office.

David helps to raise money for the group, too. He is the leader of the arts group and for Christmas in 2022 they made Christmas cards and gift tags which were sold, and money was made for the group.

David has also taken part in a recording of a 'talking heads' presentation where he talked about his thoughts and experiences.

David's model Airfix kits on display

Meet your Contracts Team

Your Contracts Team help to keep your home safe to live in, keep communal areas clean, and sort out household appliances, like your washing machine and fridge. They also help you with the furniture you need, and arrange repairs for household appliances or replacements.

They support you, your family, and support staff with many things in your home including:

Repairs (for household appliances repairs only)

Household appliances

Flooring

Furniture

Communal cleaning

Window cleaning

Payment of utility bills and queries for gas, electricity, and water

Service charges

Angela, Contracts and Service Charge Officer

My team and I help with grounds maintenance, household appliances, flooring, furniture, communal cleaning, and window cleaning.

Isabel, Services Assistant

I help with bulk gardening, window cleaning, and communal cleaning orders.

Jo, White Goods and Furnishing Officer

I help with household appliances, flooring, and furniture orders.

Laura, Housing Assistant

I help with utility bills, which covers payments for essential services like gas, electricity, and water

Sylvestre, Housing Assistant

I help Jo with the household appliances, flooring, and furniture orders.

Have your say

The Contracts Team is currently reviewing the service it provides. You can share your feedback or ideas on how it could be better. Send an email to: contractsteam@progressgroup.org.uk

Top tips for looking after your washing machine

There are lots of things that you can do to look after your washing machine.

Here are our top tips to keep your washing machine working well and clean:

Keep the warranty and information about your washing machine in a safe place.

Give your washing machine a wash once a month to keep it clean. To run a cleaning wash, follow these simple steps:

- Make sure your washing machine is empty.
- Add a washing machine cleaning solution. Refer to the instruction leaflet for the amount you need to use.

- Choose the 'cotton' cycle on your machine.
- Press the temperature control until it goes to your hottest setting.
- Start the cycle.
- When the cycle ends, open the door, pull back the seal and wipe away any debris or water.
- Leave the door open until everything inside dries out.

Clean your detergent drawer

Open the drawer, and look for a catch to press down that lets you remove the detergent draw from the machine. Wash your drawer in a sink full of warm soapy water and give everything a good scrub. Then rinse, dry, and put your drawer back into your machine.

Ben's love for drawing and Blackpool

We love to see your drawings and paintings.

Ben enjoys visiting the pier and rollercoaster in Blackpool. He drew an amazing picture of the pier and rollercoaster after a recent visit to remember the fun he had on the rollercoaster and walking on the pier.

If, like Ben, you really enjoy drawing or you have another hobby that you enjoy doing, then talk to your housing officer. We would love to hear about hobbies that you enjoy and share your stories in future issues of Your News.

What to do if you feel lonely

Loneliness is a feeling of sadness you have when you do not feel connected to anything. This could be to people, places, or activities that you do.

What you can do if you are feeling lonely

Speak to family and friends: Spending time with your family and friends can help you feel better. You could have a meal with friends or chat with your family on the phone.

Try to keep busy: Sometimes, keeping busy with a hobby you like can give you positive feelings. Maybe try gardening, going to the gym or even jigsaws, puzzles or knitting?

Enjoy being outdoors: Getting moving and going outside can help

with feeling lonely. You could try having a walk in your local park to get some fresh air.

Chat to people who like the things you do: Talking to others and making friends with people who have similar interests can stop you feeling alone. You could meet other people by joining a local group or volunteering in your community.

Speak to your support worker, family, or friends if you are feeling lonely. Your support worker will be able to help you get the support you need, like attending activities and groups that you are interested in.

Loneliness is a normal feeling that all of us are likely to experience at some time in our lives.

Find out about your new tenant committee!

Your tenant committee is a group of people who come together to tell us what they think about our services. They help us do better and make sure people are happy in their homes.

What does a tenant representative committee do?

The committee helps us make our services better and understand our complaints process. This is how people let us know they are unhappy with something in their home or with our services.

Who can be a tenant representative committee member?

Anyone who is an RWP tenant or supports someone who lives in one of our homes.

What is involved?

Tenants come along to meetings, sometimes online and sometimes in person. They can bring a support worker or an advocate with them.

Want to know more?

Spot the difference

Can you spot the 10 differences between this flying a kite in the park scene?

Circle all the differences, then fill in the form below and send it to our Leeds office address (see the back page) or email us at community@progressgroup.org.uk by 31 July 2024. All entries received will be entered into a prize draw for the chance to win a £10 voucher.

Name: _____

Address: _____

Contact number: _____

Spot the daisy competition

How many daisies can you find in this issue? Write to us at the Leeds address (see back page) or email us at community@progressgroup.org.uk by 31 July 2024. Write the number of daisies you've spotted, your name, address and telephone number to enter the prize draw and you could win a £10 voucher.

Winners from last issue

The winner of the count the bobble hats prize draw was Steven from Scunthorpe. The winner of the spot the difference was George from Carshalton. **Congratulations on each winning a £10 voucher.**

Staying safe at home

How to stay safe during a power cut

During a power cut you will not be able to turn on lights in your home and use appliances like your TV, kettle, and electric oven.

Sometimes extreme weather like heavy rain can cause a power cut. It is important to know how to stay safe during a power cut.

If you experience a power cut, then you will need to do the following:

Switch off appliances: turn off items such as irons, ovens, electric fires, and fryers.

Wear warm layers such as hats, gloves, and use blankets to keep warm.

Keep fridge and freezer doors closed and place a blanket over the appliance to keep its contents cooler for longer.

If your mobile phone is running low on battery then use the extra power saving mode if you have it or turn down screen brightness.

If the power cut is unplanned or unexpected, contact your local network operator online or call 105, the free power cut emergency number.

If you would like to know more about what to do during a power cut then speak to your support worker, housing officer, or visit the RWP website at: www.residewithprogress.org.uk/your-home/what-to-do-in-an-emergency

Meet Alex

Alex has lived in his supported living home in South West London for five years.

Since moving in, Alex has been supported by his support worker, Matthew, to cook and plan meals, do housework, and exercise in the gym. Learning new skills and spending time in the local community have made Alex more confident. "It takes me about 15 minutes to clean my room. I do it during my one-to-one

time on Tuesday and Friday," says Alex.

Alex has a great relationship with Matthew. "We have a friendship – even if he did something in the future, we'd still see each other," says Alex.

Alex (left) and support worker Matthew

Cooking is a big passion for Alex

"Cooking has always been a family affair. My mum and her mum, and my sister were cooks. I

was always around food, I like food and I wanted to cook at home," shares Alex. He enjoys baking and trying out different recipes in his wok. "I've made brownies, lemon zest cake, and I know how to make pasta. My mum taught me how to make spaghetti bolognese."

Alex has a collection of recipe books which he uses to make different recipes. He also uses lots of herbs. "I have my own shelf of herbs. I use rosemary and thyme if I'm roasting something."

You can watch Alex's video here: <https://www.residewithprogress.org.uk/real-stories/meet-alex/>

Sunflower festival 2024

Our Sunflower Festival is back this year, running throughout July and August.

Growing your sunflowers

If you would like to take part, you will need to plant your sunflower seeds soon.

Here are some tips:

1. Put some compost in a plastic cup or plant pot, almost to the top. Put your finger in the soil to make a hole for your sunflower seed.
2. Put a sunflower seed into the hole then cover it with a little compost. Give it some water so it is damp.
3. Put the cup somewhere sunny like a windowsill. Give your sunflower a little water whenever it feels dry.
4. After about one or two weeks a shoot should poke through the soil.
5. When your plant grows too big for the pot, plant it in a bigger flowerpot or somewhere warm and sunny outside. Place a marker with your name next to it.
6. Keep checking on your sunflower, making sure it doesn't dry out (but no need to overwater it).

**Steven from
Hebden Court**

Get your free pack of sunflower seeds

If you would like us to send you a free pack of sunflower seeds to get you started, please email community@progressgroup.org.uk or contact the Customer Voice Team on 0333 320 4555.

Last year's sunflower entries

Last year our tallest sunflower entry was grown by our tenant Barbara, reaching a whopping 310cm!

How to enter?

To enter, please visit progress.org.uk/bloom or contact the Customer Voice Team if you need support to enter (see details above).
